

Annex I - Conference rooms, meeting rooms and other areas

I. Conference rooms

The conference rooms will be used for the meetings of the Plenary of the COP, the Committee of the Whole (COW), the Subsidiary Bodies of the COP (CRIC and CST), as well as for the meetings of the Group of 77 and China and the Group of African States, as required.

The requirements are as follows:

- One **Plenary Hall** with the following capacity and equipment:
 - At least 394 seats at tables for country Parties, plus 394 advisers' seats behind;
 - At least 150 seats at table for observer States, UN bodies and specialized agencies, IGOs, CSOs, etc.
 - At least 140 additional seats for press and public (chairs only);
 - 12-position podium with a row of advisers' seats behind, wired to receive interpretation and multimedia facilities;
 - 6 positions (desks and chairs) near the podium for conference and press officers (desk should be wired for reception of interpretation and have telephone with light not bell, and one of the desk shall be equipped with a PC).

- One **Main Committee Room** with the following capacity and equipment:
 - At least 197 seats at tables for country Parties, plus 197 advisers' seats behind;
 - At least 100 seats at table for observer States, UN bodies and specialized agencies, IGOs, CSOs, etc.
 - At least 100 additional seats for press and public (chairs only);
 - 12-position podium with a row of advisers' seats behind, wired to receive interpretation;
 - 4 positions (desks and chairs) near the podium for conference and press officers (desk should be wired for reception of interpretation and have telephone with light not bell, and one of the desk shall be equipped with a PC).

The Plenary Hall and the Main Committee Room shall be equipped for simultaneous interpretation from and into 6 (six) languages. From each interpreter booth it shall be possible to switch from the floor into one of the other seven channels (floor plus each one of the other languages). Arab and Chinese booths shall be equipped with three microphones each and a system that allows using English and French functions without physically moving to the English and French booths. A seventh language booth may be established according to the GoT requirements.

The Plenary Hall and the Main Committee Room shall be equipped with headphone sound system and a microphone per delegation, plus 4 (four) wireless microphones.

The Plenary Hall and the Main Committee Room shall have facilities for sound recording (floor and English), fixed projection equipment and 2 (two) large screens.

Each seat at table in the Plenary Hall and the Main Committee Room shall be equipped with one electrical plug to connect electrical devices.

The Plenary Hall and the Main Committee Room require one electronic name-handling system each, showing request of microphone by delegations to be broadcasted on the monitors for the presidency, note takers, conference officers and technicians; a separate listing of delegates requesting to speak is generated with exact names of Parties/Observers in the English language. (This listing, showing the next 25 speakers, shall be viewed on separate monitors; the list shall also indicate the total number of delegations who have requested to speak; different colors shall be utilized to distinguish between Parties and Observers; please note that the chairperson is not obliged to take up speakers in the order that the delegates request the floor); the technician would open the microphone once the chairperson has announced the speaker; the dome camera system, placed in both plenaries, shall be connected to the sound system and programmed to automatically select the position of the speakers in plenary during interventions; the signal showing the respective speaker as well as the Party/Observer name shall be projected onto the screen; an historical hard copy list should be generated at the end of the session indicating which Party took the floor and when.

The Plenary Hall and the Main Committee Room require remotely controllable traffic light systems in each room, indicating maximum time for speeches; the lamps or digital displays, visible to the audience, should be installed on the lectern or shown on the projection screen, indicating when the speaking time is over.

II. Meeting rooms

The meeting rooms will be used for the meetings of regional groups and/or interest groups, of the Bureau of the COP and the UN staff, as well as for NGOs, side events and press conferences. These rooms shall be soundproof, equipped with sound system only, with one microphone each two delegates, unless otherwise indicated below and projection facilities (beamer, laptop, screen).
